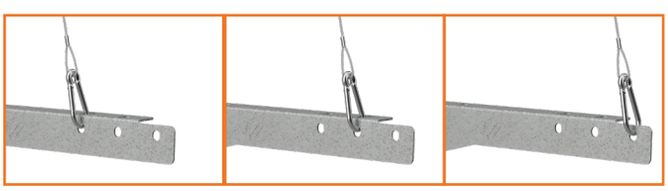
G-BRACKET

The Zip-Clip G-Bracket is designed for the suspension of services, cable tray and cable basket, providing a strong and reliable fixing point when used with Zip-Clip suspension systems.

Compatible with Zip-Clip systems including Try-Lock, Strut-Lock and Reel & Clip, the G-Bracket enables a fast, secure installation while allowing easy access to cables during installation, inspection or maintenance.

Available in three sizes, the G-bracket provides flexibility across multiple applications, helping installers achieve quick alignment and efficient on-site adjustments.



Three fixing holes allow for precise adjustment, ensuring even weight distribution and a perfectly level installation.
